

UNDER THE JUNGLE INTRO TO CAVE SCHEDULE

Outlined below is the suggested schedule for Under the Jungle's Cavern Diver Course. Course schedules are adjusted to student abilities and time requirements. The more theory you can review and learn before the course, the more efficient your course will be and the more you will get out of it. When an applicable theory lesson is available for review on the website, "**review before class on website**" is noted next to the relevant theory session, so that you may prepare for your course adequately.
