

UNDER THE JUNGLE INTRO TO CAVE SCHEDULE

Below is the suggested schedule for Under the Jungle's Introductory Cave Diver Course. The instructor will adjust the plan based on student abilities. The more theory you can review and learn before the course, the more efficient your Intro to Cave Course will be and the more you will get out of it. When an applicable lesson is available for review on the website, "on the website" is noted next to the relevant theory session so that you may prepare for your course adequately.
